Projects

PORTFOLIO | *HTML, CSS, JavaScript* | GitHub

- Personal Portfolio Website - Crafted with Modern Design Tools, built using HTML, CSS, JavaScript, and Bootstrap! The site is fully responsive, featuring a sleek and professional design that showcases my skills, projects, and achievements in web development.

E-LEARNING PLATFORM | *HTML, CSS, JavaScript* | GitHub

- E-Learning Platform - Responsive and Interactive Web Page. Built using HTML, CSS, and JavaScript, the platform is clean, responsive, and user-friendly, focusing on delivering a smooth and engaging user experience.

Furniro | *HTML, CSS, React JS, Tailwind CSS* | GitHub

- A modern furniture website crafted with HTML, CSS, React JS, and Tailwind CSS! This responsive and user-friendly platform is designed to provide a seamless browsing experience, making it easy for users to explore and shop for furniture.

Weather App | *HTML, CSS, JavaScript, React JS* | GitHub

- A dynamic weather app created using HTML, CSS, JavaScript, and React JS. The app fetches real-time weather data from an external API and displays it in a user-friendly interface. It features responsive design and interactive elements that allow users to check the weather for their location or any city around the world.
